

LIVEABLE NEIGHBOURHOODS

The next phase of the 'Liveable Neighbourhoods' project is starting!

Between May and July, we're hosting **workshops** that give residents an opportunity to discuss how to **improve their neighbourhood** with better routes for walkers and cyclists, improved social spaces and measures to combat rat-running, speeding and anti-social parking.

We're looking for people who **live in this area** and:

- are from a range of **ages, genders and ethnicity**
- or **walk, cycle or wheel**
- or have **disabilities**
- or have a **family** or **children** in school in the area
- or own or manage a **business** in the area
- or are part of a **community group** or a local **charity**.

If that's you and you'd like to put your name forward to be added to our participants pool, we want to hear from you!

Please use the **QR code** above to visit our website and select the link to your area to **fill in a short form**. We will let you know nearer the time if you've been selected.

To find out more about the project, including a timeline and the full list of the 15 proposed Liveable Neighbourhood areas, and register your interest, you can:
